

HERO CAR U-CRANE DYNAMIC

U-Crane Dynamic: Compact and Portable

The Filmotechnic U-Crane Dynamic empowers filmmakers to transform nearly any vehicle into a capable camera car, unlocking a new level of creativity and versatility on set. This compact, low-profile, high-speed mobile crane arm is designed to capture breathtaking shots of moving vehicles from virtually any angle, all while operating seamlessly in any weather condition. Its advanced gyro-stabilization ensures smooth, cinematic footage even at high speeds or in challenging environments. Whether you're chasing action on the open road or navigating tight urban spaces, this system delivers unparalleled precision and performance.
