

REV MULTI PLATFORM VEHICLE

The Pinnacle of Electric Camera Vehicles

REV is the most versatile camera vehicle out there. It features full electric operation, achieving speeds of up to 100 km/hr and accelerating from 0 to 90 km/hr in just 3 seconds. With the capacity to carry a crew of four on board, REV is designed to meet the needs of any filming scenario. It supports a limitless array of payloads, including the F27 Telescopic Crane, Filmotechnic U-Crane Dynamic, shock mount gimbal, and much more.

Whether you're working in a studio, shooting indoors or outdoors, or filming around animals and in sensitive environments, REV excels in every situation.
